EV

Charging Station Canopy

Welcome to PEW, your premier manufacturing partner for cutting-edge EV charger canopies proudly crafted in India. As a pioneering force in the electric vehicle revolution, we are committed to reshaping the charging landscape and driving sustainable transportation solutions forward.

About Us:

PEW stands as a beacon of innovation in the heart of India's manufacturing sector. Our core specialization lies in designing and producing high-quality EV charger canopies that seamlessly blend form and function.

Our Vision:

Our vision is to accelerate the global transition to electric mobility by delivering state-of-the-art charging infrastructure. Through our EV charger canopies, we aim to facilitate convenient and eco-friendly charging options while enhancing the urban environment.

Innovating the Future:

At PEW, innovation is embedded in every fiber of our products. Our EV charger canopies are not only designed to provide shelter and protection but also integrate advanced solar technology. By harnessing solar energy, we not only ensure efficient charging but also contribute to a cleaner, greener future.

Quality Craftsmanship:

We understand the significance of reliability in EV charging infrastructure. That's why our canopies are meticulously crafted using premium materials and cutting-edge engineering techniques, ensuring durability and resilience in various weather conditions.

Customized Solutions:

Recognizing the unique requirements of every charging location, we offer tailor-made canopy solutions. Whether for commercial complexes, residential areas, or public charging stations, our canopies are designed to harmonize with their surroundings while providing essential charging support.

Driving Sustainability:

Sustainability is at the core of everything we do. By promoting the use of renewable energy

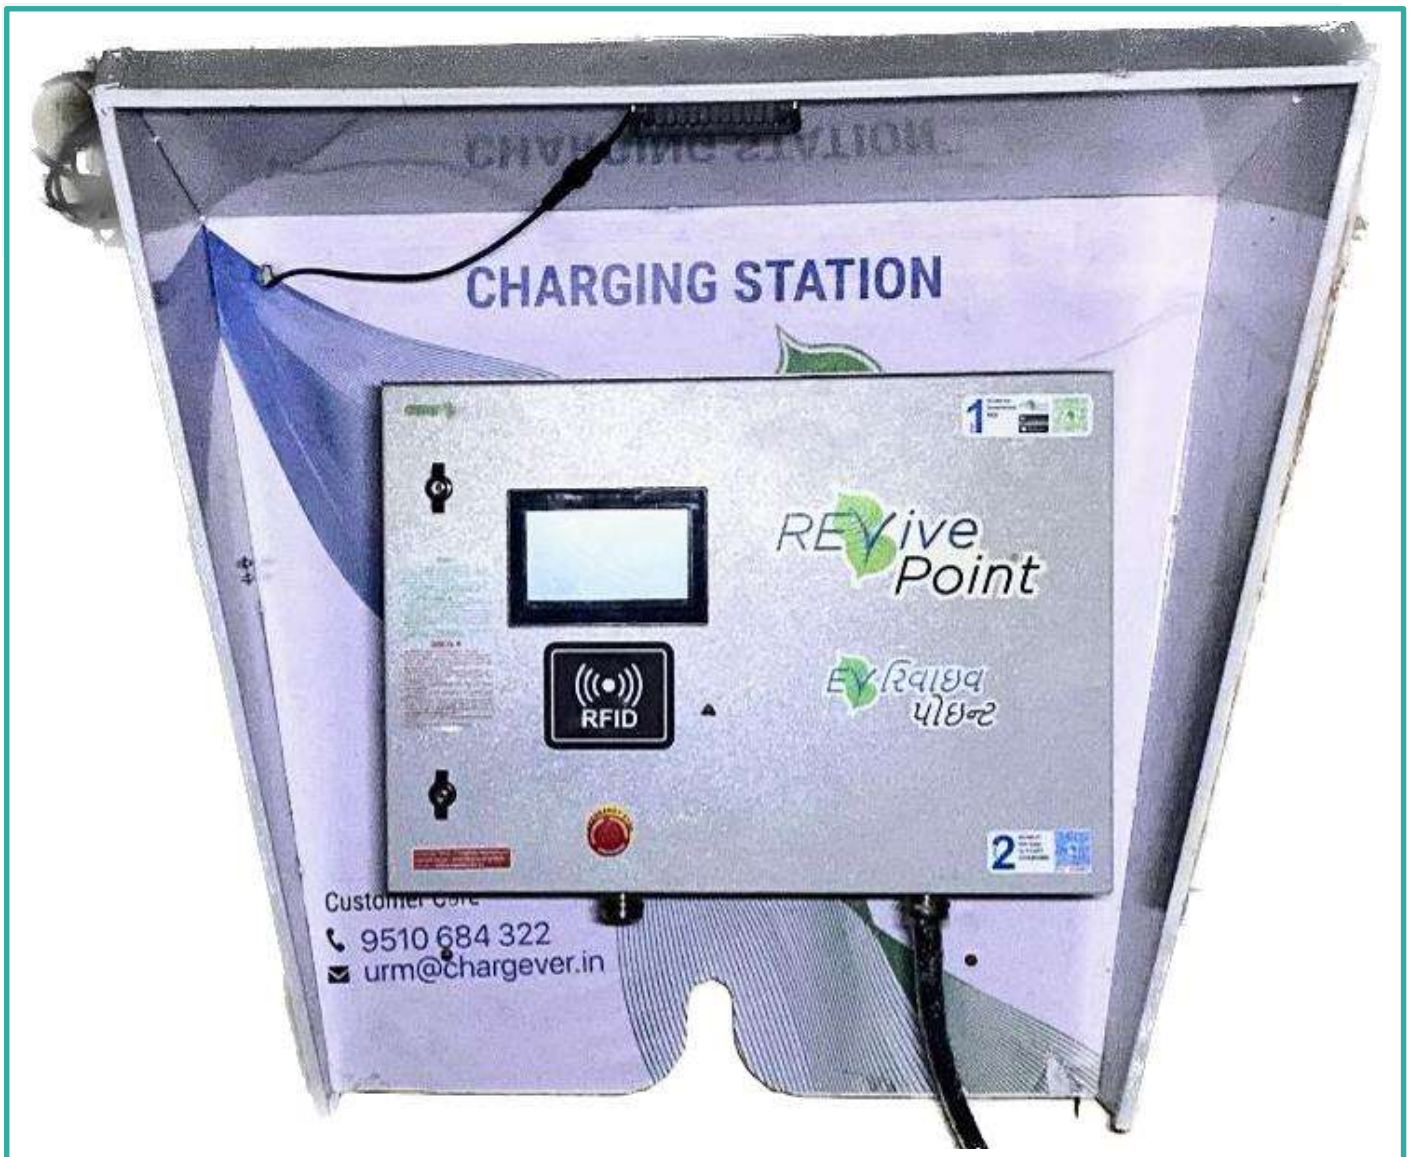

through solar-integrated canopies, we contribute to reducing carbon emissions and fostering a more sustainable future for generations to come.

Why Choose PEW:

By choosing PEW as your manufacturing partner, you're choosing innovation, quality, and a shared commitment to a cleaner planet. Together, let's drive change and lead the way toward a more sustainable and electrified world.

Get in Touch:

For inquiries, collaborations, or to explore our range of EV charger canopy solutions, please visit our website or contact us at [contact details]. Join us in powering the future of electric mobility with PEW.

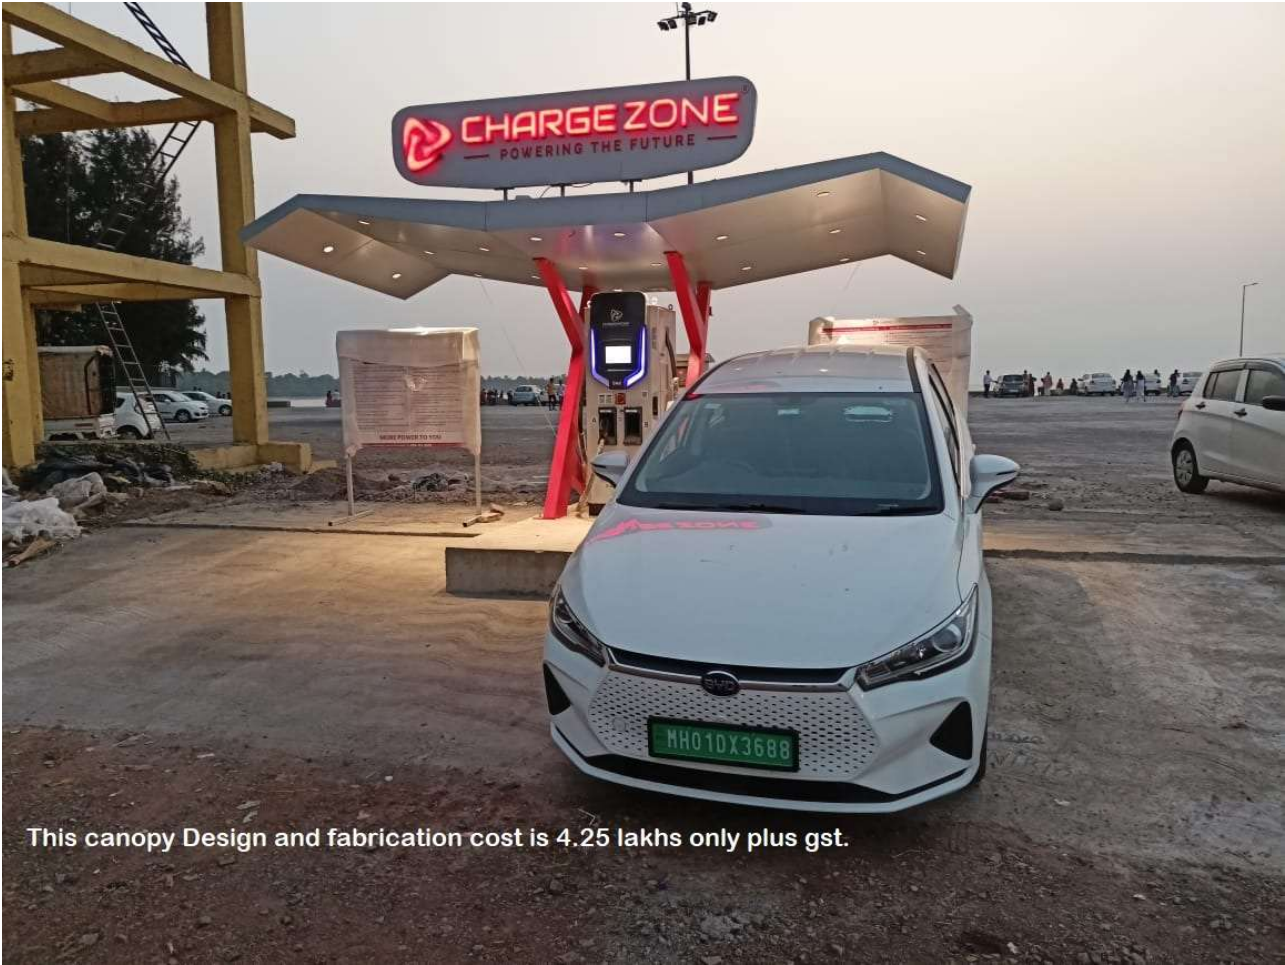

This normal canopy will cost you 95000 plus gst

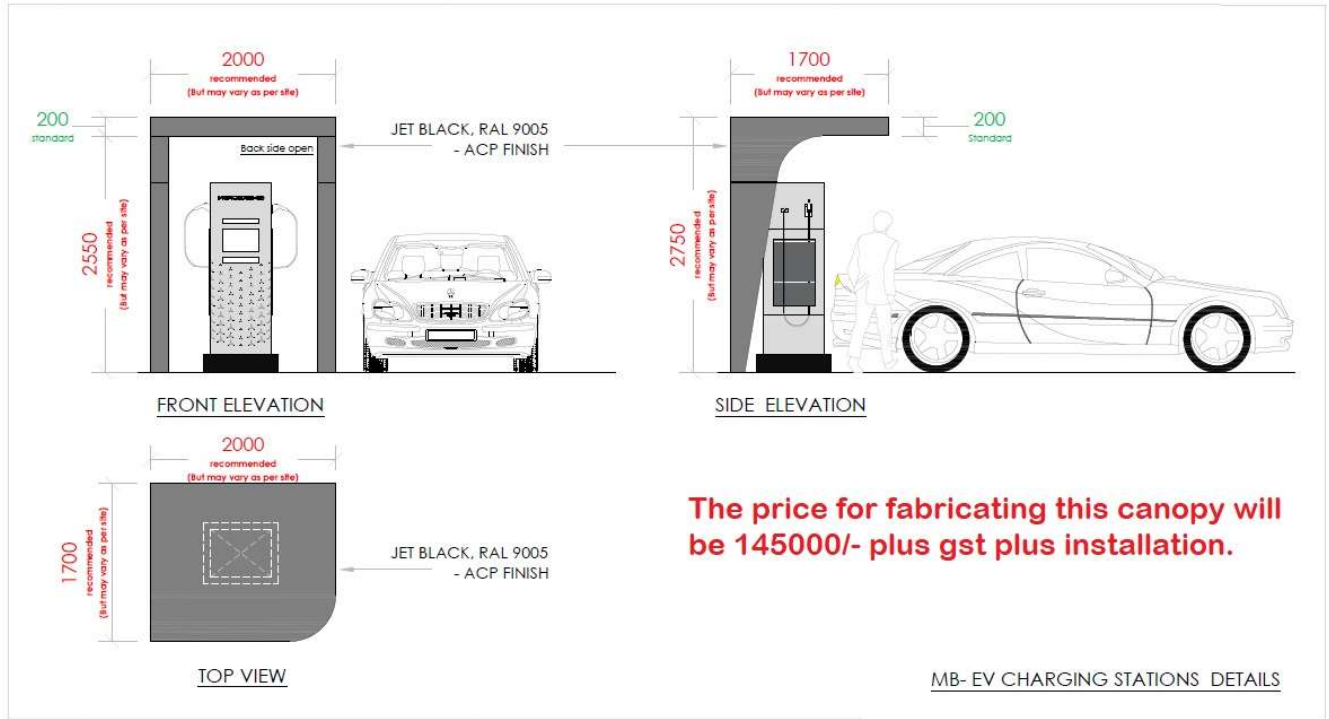

This canopy will cost approx 2.25 lakhs plus gst

This canopy Design and fabrication cost is 4.25 lakhs only plus gst.

Our experienced team can also assist with installation and maintenance services. If you would like more information about our services, please feel free to contact us.

Call Us/ Whassaap @ 9824055794, 9824017556, 9998203065, 9227107883.
